Analytical Computer Science undergraduate with research experience in Machine Learning and algorithm optimization. Seeking an entry-level Research & Development (R&D) role to apply advanced data modeling and problem-solving skills to build scalable, high-impact innovations.

PROFESSIONAL SUMMARY

Analytical Computer Science undergraduate at GEC Raipur specializing in algorithm optimization, data-driven systems, and emerging computing architectures. Proven experience in advanced technical research involving Quantum Machine Learning (QML) models for high-dimensional aerospace datasets and peer-reviewed technical writing. Demonstrated technical problem-solving capabilities through software engineering internships, competitive hackathons, and active contributions to the college technical ecosystem.

EDUCATION

- Bachelor of Technology (B.Tech), Computer Science | 2023 – 2027 Government Engineering College (GEC), Raipur
- Class 12th (HSC) | Passed 2023 | 70%
- Class 10th (SSC) | Passed 2021 | 84% Agarwal Public School

TECHNICAL & RESEARCH EXPERIENCE

Research Intern | IIIT Naya Raipur (IIIT-NR) | 26 May – 12 July

- Developed advanced Quantum Machine Learning (QML) architectures to analyze and classify high-dimensional NASA datasets.
- Authored a formal research paper detailing model performance and mathematical frameworks, currently under peer review for the BDA 2026 International Conference.
- Optimized algorithmic parameters and computational efficiency to handle large-scale space science data.

Software Engineering Intern | CodeAlpha & CodSoft | May 1 – May 30

- Modeled and tested algorithmic logic for core software applications, optimizing performance metrics and developing robust debugging workflows.

TECHNICAL TRANSLATION & DEVELOPMENT PROJECTS

Technical Lead & Developer | Neutrifill Healthcare Private Limited

- Architected and implemented an end-to-end responsive web application tailored for specialized health sector information systems, optimizing data delivery and UI/UX transparency.

Web Developer & System Architect | Elite Cricket Club, Raipur

- Built a dynamic management platform to digitize club metrics, member indexing, and operational schedules.

TECHNICAL ACHIEVEMENTS & CONTRIBUTIONS

- Participant | Smart India Hackathon (SIH) - College Level | 2023, 2024
 - Prototyped software-driven solutions for intricate, real-world national problem statements under strict time constraints.
- Google DevFest Attendee | 2023, 2024, 2025
 - Engaged with global developer networks to evaluate emerging shifts in AI, Cloud paradigms, and infrastructure security.

CAMPUS LEADERSHIP & OPERATIONS

Member | Training & Placement Office (TPO), GEC Raipur | 2024 – Present

- Manage institutional relations with corporate recruitment entities, streamlining cross-functional coordination and peer career readiness protocols.

Joint Secretary | ABVP | Dec 2024 – Present

- Lead structural administration, team management, and operations for complex campus initiatives.

Media Executive | Code For Community | Sept 2024 – Present

- Managed technical outreach communication strategies to improve student enrollment in algorithmic and coding open-source initiatives.

Volunteer | National Service Scheme (NSS), GEC Raipur

- **7-Day Residential Camp (Dec 2023):** Completed collaborative field research and social framework modeling in regional sectors.

TECHNICAL & ANALYTICAL SKILLS

- **Research & Core Computing:** Quantum Machine Learning (QML), Algorithm Optimization, Systems Modeling, Data Structures & Algorithms (DSA), OOPs.
- **Development & Infrastructure:** Full-Stack Web Architecture, UI/UX Systems Design, Database Management Foundations.
- **Security & Specialized Certifications:** Foundational Ethical Hacking & Defensive Cybersecurity (*Technoking Raipur*), Entrepreneurship Frameworks (*E-Cell, IIT Kharagpur*).
- **Early Core Training:** App Development and Basic Coding courses (*Fundo Kids, 2020–2021*).

ANALYTICAL INTERESTS & HOBBIES

- **Astrology:** Structural calculation and pattern recognition based on astronomical coordinate configurations.
- **Badminton:** Competitive play focusing on rapid strategic adaptation and physics-based agility.
